

National Swine Registry **2006 Southwest Type Conference**

Rules and Regulations

General Information

Entry fees for all entries must accompany the respective entry form and all late entries will be charged double the regular entry fees and the NSR reserves the right to close entries anytime after printed entry deadline.

All entry fees are non-refundable. **Entries must be postmarked by Feb. 3, 2006.**

All hogs entered at a National Conference must have been owned by exhibitor from date of birth. Exhibitor must have owned the sow when the animal entered was born.

All exhibitors must be active members of the National Swine Registry.

All entries must be eartnotched using the official National Swine Registry system. (Starting with litter number 1 in January and again in July each year.) **All entries must meet their respective registration requirements.**

No entry or substitute entry is official or will be allowed to show or sell unless accompanied by registration certificate.

Entries will be divided into classes as equal as possible by farrowing date.

DNA Stress Statement

No known stress positive or stress carrier animals will be allowed to be exhibited or sold at any NSR-sponsored event.

Such warranty is, however, solely that of the seller and not that of the American Landrace Association, American Yorkshire Club, Hampshire Swine Registry or United Duroc Swine Registry.

The American Landrace Association, American Yorkshire Club, Hampshire Swine Registry and United Duroc Swine Registry assume no responsibility or liability in connection with such warranty by the seller.

If any animal sold at this conference is found to be a carrier of the stress gene, the purchaser has the right to receive full refund of the purchase price from the seller.

DNA testing for the stress gene must be done within 60 days of the date of sale and all cost associated with the testing for the stress gene must be paid by the purchaser. The seller has the right to review the test results and the right to re-test the animal at a laboratory of his choice.

Cost associated with re-test by the seller is at the seller's expense. **There will be no refund of NSR commission from stress carrier animals.**

Breeding Animal Sale

A minimum of 60 percent of the number of each sex (boars and gilts) shown will be selected for the sale. These animals will be selected by the judge with no set number

selling from any single class. Exhibitors with animals not selected for the sale may consign their animals to the sale for an additional fee of \$20 per head. If the animal sells, the fee will be applied towards the sale commission. If the animal does not sell, the fee is forfeited.

All animals selected and cataloged for the sale must go through the auction. Sale commission will be 15 percent for all animals.

The NSR acts only as the agent between the buyer and the seller. If proper payment is made by the buyer in a timely manner, the NSR will make settlement with the seller in approximately 30 days after the date of the sale.

If an exhibitor has an NSR account that is 60 days or greater past due, funds from the sale of their animals will be applied to their past-due account.

Duroc Exhibitors

Duroc entries are limited to four boars and four open gilts per exhibitor. All entries must be farrowed on or after July 15, 2005.

Hampshire Exhibitors

Hampshire entries are limited to four boars and four open gilts per exhibitor. All entries must be farrowed on or after July 15, 2005.

Hampshire entries must have at least six teats on each side and meet underline screening committee requirements to be eligible to show.

Color Gene

By entering any animal in this conference, the owner warrants that the animal is not a carrier of the color gene.

Such warranty is, however, solely that of the seller and not that of Hampshire Swine Registry, and the Hampshire Swine Registry assumes no responsibility or liability in connection with such warranty by the seller.

If any animal sold at this conference is found to be a carrier of the color gene after being DNA tested through the procedures approved by Hampshire Swine Registry, the seller agrees that he will promptly refund the full purchase price to the buyer.

There will be no refund of NSR commission from animals that are carriers of the color gene.

Yorkshire & Landrace Exhibitors

Yorkshire and Landrace entries are limited to four boars and four open gilts. All entries must be farrowed on or after July 15, 2005.

All Yorkshire and Landrace hogs entered must be inspected by the Type Conference Eligibility Committee and all hogs that do

not pass their inspection will not be allowed to either show or sell at the conference.

Yorkshire and Landrace boars must be guaranteed to pass the color test-mating program as outlined by the AYC & ALA.

If a boar sires a solid-colored pig, he will be considered impure and a full refund of purchase price will be made by the seller. **There will be no refund of NSR commission from animals that fail the color-test requirements.**

Health Regulations

1. Each animal must be accompanied by **TWO COPIES** of an official interstate health certificate issued by a licensed, accredited veterinarian. **Certificate must show name and address of consignor; consigned to the Southwest Type Conference, Belton, Texas; individual identification of the animal; and health status of animal including the dates of required tests and vaccinations.**

2. **All certificates must be issued after Feb. 6, 2006, with the following information:**

A. All animals must be tested for Pseudorabies (PRV) and Brucellosis after Feb. 6, 2006, unless they come from a PRV qualified and Brucellosis validated herd. Swine tested for PRV and Brucellosis must show the date blood sample was drawn (month, day & year). If the herd of origin is PRV qualified and Brucellosis validated, individual testing of the swine will not be required. In this case, the PRV qualification and Brucellosis validation numbers must appear on the health certificate and complete date (month, day & year) must be stated on certificate.

B. **Leptospirosis vaccination** is required on breeding swine within 30 days prior to entry with vaccine containing the following strains: Bratislava, Conicola, Hardjo, Icterohaemorrhagial, Grippotyphosa, Pomona. Vaccination date **MUST** appear on the health certificate.

C. A statement must appear that says the animal has not been fed garbage, has not been exposed to hog cholera, does not originate from a quarantined herd, nor has the herd of origin had PRV within the last 6 months, nor have the entries themselves been vaccinated for PRV.

Certificates are not required to be state stamped. In some instances these rules are in addition to Texas regulations, but are necessary to sell animals into some states.

**No clipping is allowed
in the barns.**

Official Entry Form • 2006 Southwest Type Conference

"By my entering this conference, I agree to comply with all rules and regulations of the conference."

Each breeder may enter a maximum of four open gilts and four boars from each breed. Boars and gilts must be farrowed on or after July 15, 2005. Ear notches, farrowing dates and entry fees for each animal must accompany the entry blank. Entry deadline: Feb. 3, 2006.
